Dear Mr. Roman

The Department of the Air Force (DAF) concurs with the Hawaii-California Training and Testing draft Record of Decision provided by the Department of the Navy (DON) on 18 November 2025 and adopts the DON's supporting Final Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS) as written. Should the draft ROD materially change before its execution, the DAF requests that the DON provide the revised ROD for the DAF's review and opportunity to reaffirm its concurrence.

Furthermore, the DAF concurs with implementing the Preferred Alternative (Alternative Action 1) and the mitigation measures as outlined in the draft Navy Record of Decision for the HCTT Final EIS/OEIS that was provided to the DAF on 18 November 2025.

My point of contact for this action is SAF/IEI, Mr. Devin Scherer at 703-638-5006, (devin.scherer.2.ctr@us.af.mil).
