	<p>DEPARTMENT OF DEFENSE</p> <p>Department of the Navy</p> <p>Notice of Intent to Prepare a Supplement to the Gulf of Alaska Navy Training Activities Environmental Impact Statement/Overseas Environmental Impact Statement and to Announce Public Scoping</p> <p>AGENCY: Department of the Navy, DoD.</p> <p>ACTION: Notice.</p> <p>SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 Code of Federal Regulations (CFR) parts 1500-1508), and Executive Order 12114, the Department of the Navy (DoN) announces its intent to prepare a supplement to the 2011 Gulf of Alaska Navy Training Activities Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS). The SEIS/OEIS will support authorization of incidental takes of marine mammals under the Marine Mammal Protection Act and incidental takes of threatened and endangered marine species, under the Endangered Species Act. These federal regulatory permits and authorizations expire in May 2016. The DoN will evaluate new, relevant information and incorporate that information into revised analyses where appropriate. The SEIS/OEIS will also analyze data using an acoustic model not available for the 2011 EIS/OEIS, the Navy Acoustics Effects Model, to estimate potential marine species effects.</p> <p>The DoN has requested the National Marine Fisheries Service be a cooperating agency in preparation of this SEIS/OEIS pursuant to 40 CFR § 1501.6.</p> <p><i>Dates and Addresses:</i> Given that the DoN's Proposed Action and alternatives have not changed, public scoping meetings will not be held, but public comments will be accepted during the scoping period from January 16, 2013 to March 18, 2013. The DoN will accept scoping comments through the Web site</p>

and mail. Additional information concerning acceptance of scoping comments is available on the SEIS/OEIS web page located at: <http://www.GOAEIS.com>.

FOR FURTHER INFORMATION CONTACT: Mrs. Amy Burt, Naval Facilities Engineering Command, Northwest, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101, Attn: GOA SEIS/OEIS Project Manager.

SUPPLEMENTARY INFORMATION: This SEIS/OEIS is a supplement to the 2011 Gulf of Alaska Navy Training Activities EIS/OEIS and Record of Decision. The SEIS/OEIS will be used to renew current regulatory permits and authorizations and to support U.S. Pacific Command, Northern Command, and Joint Task Force Commander training requirements to achieve and maintain Fleet readiness as required by Title 10 of the U.S. Code. The DoN's Proposed Action is to continue DoN training in the Gulf of Alaska as detailed under the Preferred Alternative in the 2011 EIS/OEIS, and implemented with the 2011 EIS/OEIS Record of Decision. The Proposed Action does not alter the DoN's original purpose and need or alternative analysis as discussed in the 2011 EIS/OEIS; therefore, the alternative analysis presented in the EIS/OEIS remains relevant and is not proposed to be reanalyzed in the SEIS/OEIS. The continued conduct of at-sea joint exercises in the Gulf of Alaska is needed to support the training of combat-capable naval forces. An SEIS/OEIS is considered to be the appropriate document as the DoN's Proposed Action may significantly impact or harm marine resources.

Resources that will be addressed due to the potential effects from the Proposed Action, new available scientific data, and modeling results will include, but are not limited to, marine mammals and threatened and endangered species.

The Gulf of Alaska (GOA) Navy Training Activities SEIS/OEIS Study Area consists of three components: (1) the GOA Temporary Maritime Activities Area, (2) U.S. Air Force over-land Special Use Airspace and air routes over the GOA and State of Alaska, and (3) U.S. Army training lands underlying Special Use Airspace. Collectively, for the purposes of the SEIS/OEIS, these areas are referred to as the Alaska Training Areas. The U.S. Air Force Special Use Airspace and U.S. Army training lands were previously analyzed for NEPA purposes under separate environmental documents and are not included in the analysis in this SEIS/OEIS but are included by reference.

The scoping process will be used to identify community concerns and local issues that will be addressed in the SEIS/OEIS. Federal agencies, Alaska Native Tribes, state agencies, local agencies, the public, and interested persons are encouraged to provide comments to the DoN to identify specific issues or topics of environmental concern. All comments, provided via the Web site or in writing via postal submission, will receive the same consideration during SEIS/OEIS preparation. Written comments must be postmarked, and Web site comments must be completed no later than March 18, 2013. Written comments should be mailed to: Mrs. Amy Burt, Naval Facilities Engineering Command, Northwest, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101, Attn: GOA SEIS/OEIS Project Manager.

Dated: January 11, 2013.

assistance in completing the application. No person is required to submit any information unless a valid OMB control number is displayed. No person is required to submit any information unless they desire a Federal power allocation.

H. Is the collection developed by an office that has planned and allocated resources for the efficient and effective management and use of the information collected?

Western's power marketing offices will administer and evaluate the applications. Use and management of the collected information has been factored into each office's functions and resource requirements. Historically, Western has requested the same relative information from applicants and effectively used Western resources to utilize and manage the information in its determinations. Each power marketing office will make a recommendation to Western's Administrator on which applicant(s) should be awarded a Federal power allocation based on the information contained in the APD. Western's Administrator shall use his discretion in the final award of power allocations. The procedure and process for the allocation of power shall be the subject matter of a separate notice and is outside the scope of this process.

I. Does the collection use effective and efficient statistical survey methods?

Since the information collected is used to determine whether an applicant receives an allocation of Federal power, this section is inapplicable.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Public Meetings for the Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement for Gulf of Alaska Navy Training Activities

AGENCY: Department of the Navy, DoD.
ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969, regulations implemented by the Council on Environmental Quality (40 Code of Federal Regulations Parts 1500-1508), and Presidential Executive Order 12114, the Department of the Navy (DoN) has prepared and filed with the U.S. Environmental Protection Agency a Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS). The DoN prepared this analysis to update the Gulf of Alaska Navy Training Activities Final EIS/OEIS, which was completed with community input in May 2011 (hereafter referred to as the 2011 GOA Final EIS/OEIS), and to renew federal regulatory permits and authorizations. In the Draft Supplemental EIS/OEIS, the DoN uses a new acoustic modeling method and evaluates new, relevant information, such as new marine mammal density data and new scientific information, and updates environmental analyses, as appropriate. The DoN analyzes data using the Navy Acoustic Effects Model, not previously available for the 2011 GOA Final EIS/OEIS, to evaluate potential effects on marine species from training activities. The National Marine Fisheries Service is a cooperating agency for this Supplemental EIS/OEIS.

With the filing of the Draft Supplemental EIS/OEIS, the DoN is initiating a 60-day public comment

period and has scheduled five public meetings to inform the public and receive comments on the Draft Supplemental EIS/OEIS. This notice announces the dates and locations of the public meetings and provides supplementary information about the environmental planning effort.

Dates And Addresses: The 60-day Draft Supplemental EIS/OEIS public review period will begin August 22, 2014, and end October 20, 2014. The DoN will hold five public meetings to inform the public about the Proposed Action and to provide an opportunity to comment on the adequacy and accuracy of the supplemental environmental analysis. Each of the public meetings will include an open house information session, followed by a short presentation by the DoN. DoN representatives will be available during the open house information sessions to provide information related to the Draft Supplemental EIS/OEIS. Federal, state, and local agencies and officials, as well as interested organizations and individuals are encouraged to provide comments in writing during the public review period or in person at one of the scheduled public meetings.

The public meetings will be held from 5:00 p.m.-8:00 p.m., with a DoN presentation at 6:30 p.m., on the following dates and at the following locations:

1. Monday, September 8, 2014, at the Elks Lodge, 102 W. Marine Way, Kodiak, AK 99615
2. Tuesday, September 9, 2014, at the Z.J. Loussac Library Public Conference Room, 3600 Denali St., Anchorage, AK 99503
3. Wednesday, September 10, 2014, at the Best Western Bidarka Inn Sea Breeze Room, 575 Sterling Highway, Homer, AK 99603
4. Thursday, September 11, 2014, at the Juneau Arts & Humanities Council Main Hall, 350 Whittier St., Juneau, AK 99801
5. Friday, September 12, 2014, at the Mt. Eccles Elementary School Simpler Gymnasium, 201 Adams St., Cordova, AK 99574

Attendees will be able to submit oral and written comments during the public meetings. A court reporter will record oral comments from the public. In the interest of available time, and to ensure all who wish to provide an oral statement to the court reporter have the opportunity to do so, each speaker's comments will be limited to three (3) minutes, which may be extended if meeting attendance permits. Equal weight will be given to oral and written statements. Written comments may also

be submitted via mail to Naval Facilities Engineering Command Northwest, Attention: Ms. Amy Burt—GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315-1101, or electronically via the project Web site (www.GOAeis.com). All comments, oral or written, submitted during the public review period will become part of the public record. All comments will be reviewed or responded to in the Final Supplemental EIS/OEIS. Comments must be postmarked or received online by October 20, 2014, for consideration in the Final Supplemental EIS/OEIS.

FOR FURTHER INFORMATION CONTACT: Naval Facilities Engineering Command Northwest, Attention: Ms. Amy Burt—GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315-1101.

SUPPLEMENTARY INFORMATION: A Notice of Intent to prepare this Supplemental EIS/OEIS was published in the *Federal Register* on January 16, 2013 (78 FR 3408).

This Supplemental EIS/OEIS is an update to the 2011 GOA Final EIS/OEIS and Record of Decision (ROD). It will support U.S. Pacific Command, Northern Command, and Joint Task Force Commander training requirements to achieve and maintain Fleet readiness as required by Title 10 of the U.S. Code. The DoN's Proposed Action is the same as the Proposed Action presented in the 2011 GOA Final EIS/OEIS and ROD, which is to continue conducting periodic military training activities in a specific area of the Gulf of Alaska called the Temporary Maritime Activities Area. The Temporary Maritime Activities Area and Proposed Action, including the location, number, and frequency of major training exercises, remain unchanged from the 2011 analysis. The DoN evaluated each resource area discussed in the 2011 GOA Final EIS/OEIS to determine if additional analysis is necessary in the Draft Supplemental EIS/OEIS due to new information or new analysis methods.

In this Draft Supplemental EIS/OEIS, the DoN re-evaluates potential impacts from ongoing military training activities conducted in the Temporary Maritime Activities Area. All resource areas were examined to determine the need for re-analysis in this Draft Supplemental EIS/OEIS. The marine mammal resource analysis for each alternative in the 2011 GOA Final EIS/OEIS was updated. For other resource areas, the 2011 analysis remains valid.

The Supplemental EIS/OEIS supports authorization of incidental takes of
