Appendix D Federal Register Notices

This appendix contains the following Federal Register Notices:

- Notice of Intent to Prepare a Supplement to the Gulf of Alaska Navy Training Activities Environmental Impact Statement/Overseas Environmental Impact Statement
- Environmental Impact Statements; Notice of Availability: *EIS No. 20200250, Draft Supplement, USN, AK, Gulf of Alaska Navy Training Activities*
- Notice of Virtual Public Meetings for the Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement for Gulf of Alaska Navy Training Activities
- Notice of Intent to Prepare a Supplement to the Gulf of Alaska Navy Training Activities Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement
- Notice of Availability for the Supplement to the Gulf of Alaska Navy Training Activities Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement

7538

Federal Register / Vol. 85, No. 27 / Monday, February 10, 2020 / Notices

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare a Supplement to the Gulf of Alaska Navy Training Activities Environmental Impact Statement/Overseas Environmental Impact Statement

AGENCY: Department of the Navy, DoD.
ACTION: Notice.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969 and regulations implemented by the Council on Environmental Quality, the Department of the Navy (DON) announces its intent to prepare a supplement to the 2011 Gulf of Alaska (GOA) Navy Training Activities Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS) and 2016 Gulf of Alaska Navy Training Activities Supplemental EIS/OEIS. New information includes a new acoustic effects model, updated marine mammal density data, and evolving and emergent best available science. Proposed activities are consistent with those analyzed in the 2016 GOA Navy Training Activities Supplemental EIS/OEIS and 2017 Record of Decision.

DATES: The public 30-day scoping period begins on February 10, 2020 and extends to March 11, 2020. Comments must be postmarked no later than March 11, 2020 for consideration in the Draft Supplemental EIS/OEIS.

ADDRESSES: The DON invites all interested parties to submit scoping comments on the GOA Supplemental EIS/OEIS by mail to the address below and through the project website at <http://www.GOAIEIS.com>.

FOR FURTHER INFORMATION CONTACT: Naval Facilities Engineering Command, Northwest, Attn: Ms. Kimberly Kler, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315, 360-315-5103.

SUPPLEMENTARY INFORMATION: This Supplemental EIS/OEIS is a supplement to the 2011 GOA EIS/OEIS and 2016 GOA Supplemental EIS/OEIS, and supports renewal of current regulatory permits and authorizations for training requirements to achieve and maintain Fleet readiness as required by Title 10 of the U.S. Code. The DON's Proposed Action is unchanged since the 2016 GOA Supplemental EIS/OEIS and 2017 Record of Decision, and includes conducting one large-scale carrier strike group exercise per year, as well as the inclusion of anti-submarine warfare activities with the use of active sonar. The Proposed Action does not alter the

Navy's original purpose and need as discussed in the 2016 GOA Supplemental EIS/OEIS. The DON needs to continue conducting at-sea joint exercises in the GOA to support the training of combat-capable naval forces.

The Study Area for the Supplemental EIS/OEIS is the same as the 2011 GOA EIS/OEIS and 2016 GOA Supplemental EIS/OEIS. As part of this process, the DON will seek the issuance of regulatory permits and authorizations under the Marine Mammal Protection Act and Endangered Species Act to support continued at-sea training and testing requirements within the Study Area. The renewed permits would begin in 2022 and extend for a period of 7 years; thereby ensuring critical Department of Defense requirements into the future are met.

Pursuant to 40 CFR 1501.6, the DON will invite the National Marine Fisheries Service to be a cooperating agency in preparation of this Supplemental EIS/OEIS.

The analysis in the Supplemental EIS/OEIS will address the following resources: Marine mammals, fishes, threatened and endangered species, and Alaska Native Traditional Resources.

The DON will use the scoping process to identify public concerns and local issues to address in the Supplemental EIS/OEIS. Federal agencies, Alaska Native Tribes, state agencies, local agencies, the public, and interested persons are encouraged to provide comments to the DON to identify specific issues or topics of environmental concern the commenter believes the DON should consider. Written comments must be postmarked no later than March 11, 2020 for review and consideration in the development of the Draft Supplemental EIS/OEIS and mailed to: Naval Facilities Engineering Command, Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101. Comments can also be submitted online via the project website at <http://www.GOAIEIS.com>. Also at this website, those interested in receiving electronic project updates can subscribe to receive notifications via email for key milestones throughout the environmental planning process.

Dated: February 4, 2020.

D.J. Antenucci,
Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2019-ICCD-0135]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Study of State Policies To Prohibit Aiding and Abetting Sexual Misconduct in Schools

AGENCY: Office of Elementary and Secondary Education (OESE), Department of Education (ED).
ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection. **DATES:** Interested persons are invited to submit comments on or before March 11, 2020.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2019-ICCD-0135. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208B, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Andrew Abrams, 202-245-7500.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize

of impacts. WAPA invites interested stakeholders to suggest specific issues, including possible mitigation measures, within these general categories, or other categories not included above, to be considered in the EIS/EIR.

Public Participation: The purpose of the scoping process is to identify issues, concerns, possible alternatives, and potential environmental impacts that WAPA should analyze in the EIS/EIR. There will be two scoping meetings, one in the morning and one in the evening on the date determined, to accommodate and encourage public participation. Each meeting will use Zoom Webinar and will be virtual or online consistent with statewide restrictions with in-person meetings because of the COVID-19 pandemic.

WAPA will also announce the public scoping meetings in local news media and by posting on the Project environmental website at <https://www.wapa.gov/regions/SN/environment/Pages/WRAP.aspx> at least 14 days before the meetings.

The public will have the opportunity to learn about the Project, view maps, and present comments on the scope of the WRAP EIS/EIR. Representatives from WAPA and Trinity PUD will be available to answer questions and provide additional information to meeting attendees.

In addition to providing comments at the webinar public scoping meetings, stakeholders may submit written comments as described in the ADDRESSES section above. WAPA will consider all comments postmarked or received during the public scoping period identified in the DATES section above. The public is also invited to submit comments on the proposed Project for WAPA's consideration at any time during the EIS process.

WAPA will coordinate with appropriate Federal, State, and local agencies, and potentially affected Native American tribes during the preparation of the EIS/EIR. Agencies with legal jurisdiction or special expertise are invited to participate as cooperating agencies in preparation of the EIS, as defined in 40 CFR 1501.8(a).¹ Designated cooperating agencies have responsibilities to support the NEPA process, as specified in 40 CFR 1501.8(b).² WAPA will contact tribes and inform them of the planned EIS/EIR. Government-to-government consultations will be conducted in

accordance with Executive Order 13175 Consultation and Coordination with Indian Tribal Governments (65 FR 67249); the President's memorandum of April 29, 1994, Government-to-Government Relations with Native American Tribal Governments (59 FR 22951); DOE-specific guidance on tribal interactions; and other applicable Federal and State natural and cultural resources laws and regulations.

Upon completion of the scoping period, WAPA will draft an EIS/EIR. A Notice of Availability of the Draft EIS/EIR will be published in the Federal Register, which will begin a minimum 45-day public comment period. WAPA will announce how to comment on the Draft EIS/EIR and will hold two public hearings during the comment period. People who would like to receive a copy of the Draft EIS/EIR should submit a request as provided in the ADDRESSES section above. For those requesting to be added to the distribution list, you are encouraged to download the EIS/EIR and other documents from the above website; however, if you prefer to be mailed a copy, please specify the format of the EIS/EIR that you would like to receive (CD or printed) and a preference for either the complete EIS/EIR or the Summary only. WAPA will maintain information about the process, including documents, meeting information, and important dates, on the Project website given above. The EIS/EIR, along with other Project information, will be available for download from the Project website. Please visit the Project website for current information.

Signing Authority

This document of the Department of Energy was signed on December 1, 2020, by Mark A. Gabriel, Administrator, Western Area Power Administration, pursuant to delegated authority from the Secretary of Energy. That document, with the original signature and date, is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the Federal Register.

Signed in Washington, DC, on December 7, 2020

Treena V. Garrett,
Federal Register Liaison Officer, U.S.
Department of Energy.

ENVIRONMENTAL PROTECTION AGENCY

Charter Renewal for the Great Lakes Advisory Board

AGENCY: Environmental Protection Agency (EPA)

ACTION: Notice of charter renewal.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) has determined that, in accordance with the provisions of the Federal Advisory Committee Act (FACA), the EPA Great Lakes Advisory Board is a necessary committee which is in the public's interest. Accordingly, the Advisory Board will be renewed for an additional two-year period. The purpose of the Advisory Board is to provide advice and recommendations to the EPA Administrator through the Great Lakes National Program Manager on matters related to the Great Lakes Restoration Initiative and on domestic matters related to the implementation of the Great Lakes Water Quality Agreement. The Advisory Board's major objectives are to provide advice and recommendations on: Great Lakes protection and restoration activities; long term goals, objectives and priorities for Great Lakes protection and restoration; and other issues identified by the Great Lakes Interagency Task Force/Regional Working Group.

FOR FURTHER INFORMATION CONTACT:
Edlynzia Barnes, Designated Federal Officer (DFO), Great Lakes National Program Office, Environmental Protection Agency, 77 W Jackson Boulevard, Chicago IL; telephone number: 312-886-6249; email address: Barnes.Edlynzia@epa.gov.

Kurt Thiede,
Regional Administrator, Great Lakes National Program Manager.

EXPORT-IMPORT BANK

Sunshine Act Meetings; Notice of an Open Meeting of the Board of Directors of the Export-Import Bank of the United States

TIME AND DATE: Tuesday, December 22, 2020 at 10:00 a.m.

PLACE: The meeting will be held via teleconference.

STATUS: The meeting will be open to public observation for Item Number 1 only.

MATTERS TO BE CONSIDERED: Credit Risk Appetite—Linkage to the Budget Cost Level.

CONTACT PERSON FOR MORE INFORMATION: Joyce B. Stone (202-257-4086).

Members of the public who wish to attend the meeting via audio only teleconference should register via <https://attendee.gotowebinar.com/register/7315218396872121868> by noon Monday, December 21, 2020. Individuals will be directed to a Webinar registration page and provided call-in information.

Joyce B. Stone,

Assistant Corporate Secretary.

BILLING CODE 6690-01-P

FARM CREDIT SYSTEM INSURANCE CORPORATION

Regular Meeting; Farm Credit System Insurance Corporation Board

AGENCY: Farm Credit System Insurance Corporation.

ACTION: Notice, regular meeting.

SUMMARY: Notice is hereby given, in accordance with the provisions of Article VI of the Bylaws of the Farm Credit System Insurance Corporation (FCSIC), that a regular meeting of the Board of Directors of FCSIC will be held.

DATES: December 17, 2020, at 10:00 a.m. EDT, until such time as the Board may conclude its business. *Note: Because of the COVID-19 pandemic, we will conduct the board meeting virtually. If you would like to observe the open portion of the virtual meeting, see instructions below for board meeting visitors.*

ADDRESSES: To observe the open portion of the virtual meeting, go to FCSIC.gov, select "News & Events," then "Board Meetings." There you will find a description of the meeting and "Instructions for board meeting visitors." See SUPPLEMENTARY

80076

Federal Register / Vol. 85, No. 239 / Friday, December 11, 2020 / Notices

route to target. It is designed to kill hard, medium-hardened, soft and area type targets. The extended range over the baseline was obtained by going from a turbo jet to a turbo-fan engine and by reconfiguring the fuel tanks for added capacity. Classification of the technical data and information on the AGM-158's performance, capabilities, systems, subsystems, operations, and maintenance will range from UNCLASSIFIED to SECRET.

a. The AGM-158B Joint Air-to-Surface Standoff Missile (JASSM) software-in-the-Loop (SIL) testing assets are required for software development, integration, and test in the lab environment as well as ground mount operations before STV or Live Fire assets can be loaded on the aircraft to execute Airworthiness, Flight Test, and Live Fire events. These assets are for testing in the contiguous United States and will not be exported. Software development will be to the extent necessary to produce Engineering Releases needed to conduct airworthiness, integration and live fire testing. Testing equipment is CLASSIFIED.

b. The AGM-158B-2 JASSM Separation Test Vehicle (STV) is equipped with Intelligent Test Instrumentation Kit (iTIK). These assets will be used as part of the airworthiness data collection process to ensure safe separation of the munition from the aircraft. These missiles will be handled and stored in custom individual containers. These two (2) missiles are for testing in the contiguous United States and will not be exported. Software development will be to the extent necessary to produce Engineering Releases needed to conduct airworthiness, integration and live fire testing.

c. The AGM-158B-2 (JASSM) Instrumented Test Vehicle (ITV) is equipped with iTIK. This asset will be utilized to capture flight data information in a "Captive Carry" configuration. The information collected will ensure the munition can be safely carried and is required as part of the airworthiness process prior to launch of the STV, JTV, and the Live Fire asset. These missiles will be handled and stored in custom individual containers. This missile is for testing in the contiguous United States and will not be exported. Software development will be to the extent necessary to produce Engineering Releases needed to conduct airworthiness, integration and live fire testing.

d. The AGM-158B-2 JASSM Jettison Test Vehicle (JTV) is not equipped with an iTIK. These assets will be used as

part of the airworthiness data collection process to ensure safe jettison of the munition from the aircraft. These missiles will be handled and stored in custom individual containers. These two (2) missiles are for testing in the contiguous United States and will not be exported. Software development will be to the extent necessary to produce Engineering Releases needed to conduct airworthiness, integration and live fire testing.

e. The AGM-158B-2 JASSM Maintenance Training Missile (DATM) is a missile for maintenance (Weapon Load Crew) training with container.

5. The GBU-31 Joint Direct Attack Munition (JDAM) is a 2,000-lb Internal Navigation System/Global Positioning System (INS/GPS) guided precision air-to-ground munition. The GBU-31 consists of a KMU-556 warhead specific tail kit, and MK-84 bomb body.

6. The GBU-38 Joint Direct Attack Munition (JDAM) is a 500-lb Internal Navigation System/Global Positioning System (INS/GPS) guided precision air-to-ground munition. The GBU-38 consists of a KMU-572 warhead specific tail kit, and MK-82 bomb body.

7. The GBU-54 Laser Joint Direct Attack Munition (LJDAM) is a 500-lb JDAM which incorporates all the capabilities of the JDAM guidance tail it and adds a precision laser guidance set. The LJDAM gives the weapon system an optional semi-active laser guidance in addition to the Internal Navigation System/Global Positioning System (INS/GPS) guidance. This provides the optional capability to strike moving targets. The GBU-54 consists of a laser guidance set, KMU-572 warhead specific tail kit, and MK-82 bomb body.

8. The AGM-154 JSOW is used by Navy, Marine Corps, and Air Force, and allows aircraft to attack well-defended targets in day, night, and adverse weather conditions. The JSOW C and C-1 utilize GPS/INS guidance and an uncooled imaging infrared seeker for terminal guidance, Autonomous Acquisition, and provides a precision targeting, 500-lb-class tandem warhead that is the Navy's primary standoff weapon against hardened targets. The JSOW C-1 added the Link-16 datalink enabling a robust and flexible capability against high-value stationary land targets and moving maritime target capability. JSOW C-1 can fly via two dimensional and three dimensional waypoints to the target, offering the optimal path around Integrated Air Defense Systems (IADS).

The JSOW incorporates components, software, and technical design information that are considered sensitive. The following JSOW-C

components being conveyed by the proposed sale include the GPS/INS, IIR seeker, INS OFP software and missile operational characteristics and performance data. These elements are essential to the ability of the JSOW-C missile to selectively engage hostile targets under a wide range of operational, tactical, and environmental conditions.

9. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

10. If a technologically advanced adversary were to obtain knowledge of the specific hardware or software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

11. A determination has been made that Finland can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

12. All defense articles and services listed in this transmittal have been authorized for release and export to Finland.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Virtual Public Meetings for the Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement for Gulf of Alaska Navy Training Activities

AGENCY: Department of the Navy, Department of Defense.

ACTION: Notice of availability; notice of public meeting.

SUMMARY: Pursuant of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality, and Presidential Executive Order 12114, the Department of the Navy (DON) has prepared and filed with the United States Environmental Protection Agency a draft supplement to the 2011 Gulf of Alaska (GOA) Navy Training Activities Final Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS) (referred to as the 2011 GOA Final EIS/OEIS) and the 2016 GOA Navy Training Activities Final

Supplemental EIS/OEIS (referred to as the 2016 GOA Final Supplemental EIS/OEIS). In the 2020 Draft Supplemental EIS/OEIS, the DON assesses the potential environmental effects associated with continuing periodic military readiness activities in the GOA Temporary Maritime Activities Area (TMAA). This notice announces the public review and comment period and the dates of the virtual public meetings, includes information about how the public can review and comment on the document, and provides supplementary information about the environmental planning effort.

DATES: All comments must be postmarked or received online by 11:59 p.m. Pacific Standard Time on February 16, 2021, for consideration in the development of the Final Supplemental EIS/OEIS. Federal agencies and officials, Alaska Native Tribes, state and local agencies and officials, and interested organizations and individuals are encouraged to provide comments on the 2020 Draft Supplemental EIS/OEIS during the public review and comment period.

Due to COVID-19 travel and public event restrictions, the DON is holding virtual public meetings, consisting of a presentation and question and answer sessions, to discuss the Proposed Action and the draft environmental impact analysis. Visit www.GOAIEIS.com/VPM to learn more about and attend a virtual public meeting. An audio-only option will also be available. Meetings will occur as follows:

1. Tuesday, January 19, 2021, from 3 to 4 p.m. Alaska Standard Time
 2. Wednesday, February 3, 2021, from 5 to 6 p.m. Alaska Standard Time
- Substantive questions for discussion with Navy representatives at the virtual public meetings can be submitted between January 11 and 18, 2021, for the January 19, 2021, meeting, and between January 26 and February 2, 2021, for the February 3, 2021, meeting. Email questions to projectmanager@goaeis.com or complete the form at www.GOAIEIS.com.

ADDRESSES: Written comments may be mailed to Naval Facilities Engineering Command Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315-1101, or submitted electronically via the project website at www.GOAIEIS.com.

FOR FURTHER INFORMATION CONTACT: Naval Facilities Engineering Command Northwest, Attention: Ms. Kimberly Kler, GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315-1101,

360-315-5103, projectmanager@goaeis.com.

SUPPLEMENTARY INFORMATION: The DON's Proposed Action is to continue periodic military training activities within the GOA TMAA. Proposed training activities are similar to those that have occurred in the GOA TMAA for decades. The geographic extent of the GOA TMAA and Proposed Action, including the location, number, and frequency of major training exercises, remain unchanged from the 2016 Final Supplemental EIS/OEIS. Although the types of activities and number of events in the Proposed Action are the same as in previous documents (Alternative 1 in both the 2011 and 2016 impact analyses), there have been changes in the platforms and systems used in those activities. For example, the EA-6B aircraft and frigate, and their associated systems, have been replaced by the EA-18G aircraft, Littoral Combat Ship, and Destroyer. The 2020 Draft Supplemental EIS/OEIS includes the analysis of at-sea training activities projected to meet readiness requirements beyond 2022 and into the reasonably foreseeable future, and reflects the most up-to-date compilation of training activities deemed necessary to accomplish military readiness during that time period.

The 2020 Draft Supplemental EIS/OEIS also updates the 2011 and 2016 impact analyses with new information and analytical methods the DON developed and has used since 2016. New information includes an updated acoustic effects model, updated marine mammal density data and sea turtle hearing criteria, and other emergent best available science. The DON is preparing a Supplemental EIS/OEIS to renew required federal regulatory permits and authorizations under the Marine Mammal Protection Act and the Endangered Species Act. The DON will consult with the National Marine Fisheries Service (NMFS) and United States Fish and Wildlife Service to renew these permits and authorizations. Additionally, NMFS is a cooperating agency for this Supplemental EIS/OEIS.

The 2020 Draft Supplemental EIS/OEIS is available for electronic viewing or download at www.GOAIEIS.com. The 2020 Draft Supplemental EIS/OEIS was distributed to federal agencies and federally recognized Alaska Native Tribes with which the DON is consulting.

All comments submitted during the public review and comment period from December 11, 2020, to February 16, 2021, will become part of the public record, and substantive comments will

be addressed in the Final Supplemental EIS/OEIS.

The DON is committed to providing the public an accessible version of the 2020 Draft Supplemental EIS/OEIS during COVID-19 conditions. If you need assistance accessing the document or attending the virtual public meetings, please contact Ms. Julianne Stanford, Navy Region Northwest Public Affairs Office, at julianne.stanford@navy.mil or 360-867-8525. For all other queries or if you require additional information about the project, please contact Ms. Kimberly Kler, GOA Supplemental EIS/OEIS Project Manager, at projectmanager@goaeis.com.

Individuals interested in receiving electronic project updates can subscribe on the project website to receive notifications via email for key milestones throughout the environmental planning process.

Dated: December 3, 2020.

K. R. Callan,
Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

Applications for New Awards;
Personnel Development To Improve
Services and Results for Children With
Disabilities—Improving Retention of
Special Education Teachers and Early
Intervention Personnel

AGENCY: Office of Special Education and
Rehabilitative Services, Department of
Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is issuing a notice inviting applications for new awards for fiscal year (FY) 2021 for Personnel Development to Improve Services and Results for Children with Disabilities—Improving Retention of Special Education Teachers and Early Intervention Personnel, Assistance Listing Number 84.325P. This notice relates to the approved information collection under OMB control number 1820-0028.

DATES:

Applications Available: December 11, 2020.

Deadline for Transmittal of Applications: February 9, 2021.

Deadline for Intergovernmental Review: April 12, 2021.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common

5472

Federal Register / Vol. 87, No. 21 / Tuesday, February 1, 2022 / Notices

to specific tasks from the Secretary of Defense, the Deputy Secretary of Defense ("the DoD Appointing Authority"), or the Under Secretary of Defense (Research and Engineering) (USD(R&E)). The DSB is composed of no more than 40 members who are eminent authorities in the fields of science, technology, manufacturing, acquisition process, and other matters of special interest to the DoD. Members will consist of talented, innovative private sector leaders with a diversity of background, experience, and thought in support of the DSB missions.

Individual members are appointed according to DoD policy and procedures, and serve a term of service of one-to-four years with annual renewals. One member will be appointed as Chair of the DSB. No member, unless approved according to DoD policy and procedures, may serve more than two consecutive terms of service on the DSB, or serve on more than two DoD Federal advisory committees at one time.

DSB members who are not full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services, are appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. DSB members who are full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services are appointed pursuant to 41 CFR 102-3.130(a), to serve as regular government employee members.

All DSB members are appointed to provide advice based on their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official DSB-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements about the DSB's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the DSB. All written statements shall be submitted to the DFO for the DSB, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: January 26, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register, Liaison
Officer, Department of Defense.

BILLING CODE 5021-06-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare a Supplement to the Gulf of Alaska Navy Training Activities Draft Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement

AGENCY: Department of the Navy (DoN), Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Department of the Navy (DoN) announces its intent to prepare a supplement to the December 2020 Gulf of Alaska (GOA) Navy Training Activities Draft Supplemental Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS). This supplement to the Draft Supplemental EIS/OEIS will address a change in the Study Area and the addition of a new Continental Shelf and Slope Mitigation Area.

ADDRESSES: Naval Facilities Engineering Command, Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101, projectmanager@goaeis.com.

SUPPLEMENTARY INFORMATION: Pursuant to section 102(2)(c) of the NEPA, regulations implemented by the Council on Environmental Quality (40 CFR parts 1500-1508), and Presidential Executive Order 12114, the DoN announced its intent to prepare a supplement to the 2011 GOA Navy Training Activities EIS/OEIS and 2016 GOA Navy Training Activities Supplemental EIS/OEIS in the *Federal Register* (FR) on February 10, 2020 (85 FR 7538), and invited the public to comment on the scope of the Supplemental EIS/OEIS. A Draft Supplemental EIS/OEIS was subsequently released on December 11, 2020 (85 FR 80093), in which the potential environmental effects associated with military readiness training activities conducted within the GOA Study Area were evaluated.

Since the release of the Draft Supplemental EIS/OEIS on December 11, 2020, the DoN has recognized that the size and shape of the Temporary Maritime Activities Area (TMAA) in the Gulf of Alaska does not provide sufficient space for the realistic maneuvering of vessels and aircraft during training exercises. The proposed study area will now include additional air space and sea space to the west and south of the TMAA. This additional area is referred to as the Western Maneuver Area (WMA) and is approximately 185,806 square nautical miles. The

TMAA, as currently defined (approximately 42,146 square nautical miles), would remain unchanged with all activities involving active sonar and explosives still occurring in this area only. No new or increased training activities are proposed as part of the revised proposed action, only an expansion of the overall training area for vessel and aircraft maneuvering purposes. In addition, DoN proposes implementing a new mitigation area within the continental shelf and shelf slope area of the TMAA. To protect marine species and biologically important habitat, use of explosives (up to 10,000 feet altitude) would be restricted in this area.

All public comments received during the Draft Supplemental EIS/OEIS comment period (December 11, 2020, through February 16, 2021) are still valid and will be considered in the Final Supplemental EIS/OEIS for this action. Previously submitted comments need not be resubmitted. The supplement to the Draft Supplemental EIS/OEIS is expected to be available in March 2022. A Notice of Availability of the supplement to the Draft Supplemental EIS/OEIS will be published in the *Federal Register* at that time, and the supplement to the Draft Supplemental EIS/OEIS will be released for a public comment period of 45 days. No decision will be made to implement any alternative in the GOA Study Area until the NEPA process is complete and a Record of Decision is signed by the DoN.

Dated: January 25, 2022.

J.M. Pike,

Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 5001-05-P

DEPARTMENT OF DEFENSE

Department of the Air Force

[Docket ID: USAF-2022-HQ-0003]

Submission for OMB Review; Comment Request

AGENCY: Department of the Air Force,
Department of Defense (DoD).

ACTION: Emergency 15-day information
collection notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice that DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to develop a leadership curriculum that will help the U.S. Air Force (USAF) Academy produce leaders of character who will contribute to a culture of civility as they become officers in the USAF. DoD requests emergency processing and OMB authorization to collect the information after publication of this notice for a period of six months.

DATES: Comments must be received by April 4, 2022.

ADDRESSES: The Department has requested emergency processing from OMB for this information collection request by 15 days after publication of this notice. Interested parties can access the supporting materials and collection instrument as well as submit comments and recommendations to OMB at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 15-day Review—Open for Public

Comments" or by using the search function. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Angela Duncan, 571-372-7574, or
whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: This study supports the Sexual Assault Prevention and Response Office's (SAPRO) mission (and that of the larger USAF) to work toward an Air Force culture that is free of sexual violence. This effort will also support completion of USAF Academy SAPRO's DoD Junior Leader Working Group's plan of action and milestones. Ultimately, the implementation of the adapted curriculum may result in a reduced number of sexual assaults and enhanced psychological health and well-being among Airmen, enabling them to remain fit for duty.

This study will collect formative research data through focus groups and interviews to inform recommendations to enhance the current USAF Academy sexual assault leadership training curriculum. Research partners at the University of Florida and RTI International will collect feedback from trainees in Squadron Officer School at Maxwell Air Force Base concerning perceived readiness for duty, perceptions of the leadership training received at USAF Academy, and opportunities for enhancement across the four-year USAF Academy curriculum.

Title: Associated Form; and OMB
Number: Formative Research for Sexual
Assault Leadership Training at the U.S.
Air Force Academy; OMB Control
Number 0701-FRSA.

Type of Request: Emergency.
Number of Respondents: 20.
Responses per Respondent: 1.
Annual Responses: 20.
Average Burden per Response: 1 hour.
Annual Burden Hours: 20 hours.
Affected Public: Individuals or
households.

Frequency: Once.
Respondent's Obligation: Voluntary.

Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information collected has practical utility; (2) the accuracy of DoD's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to

enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Dated: March 15, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison
Officer, Department of Defense.

BILLING CODE 5001-05-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Availability for the Supplement to the Gulf of Alaska Navy Training Activities Draft Supplemental Environmental Impact Statement/ Overseas Environmental Impact Statement

AGENCY: Department of the Navy (DoN),
Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Department of the Navy (DoN) has prepared and filed with the U.S. Environmental Protection Agency (EPA) a supplement to the December 2020 Gulf of Alaska (GOA) Navy Training Activities Draft Supplemental Environmental Impact Statement (EIS)/Overseas Environmental Impact Statement (OEIS). This supplement to the Draft Supplemental EIS/OEIS will address a change in the Study Area and the addition of a new Continental Shelf and Slope Mitigation Area.

DATES: The supplement to the Draft Supplemental EIS public review period will begin March 18, 2022, and end on May 2, 2022. Comments may be submitted by U.S. mail or electronically via the project website as detailed below.

ADDRESSES: Naval Facilities Engineering Command, Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, Washington 98315-1101, projectmanager@goaeis.com.

Written comments can be submitted via the electronic comment form at <http://www.GOAeis.com> or by mailing them to: Naval Facilities Engineering Systems Command Northwest, Attention: GOA Supplemental EIS/OEIS Project Manager, 1101 Tautog Circle, Suite 203, Silverdale, WA 98315-1101. All comments must be received or postmarked by May 2, 2022, to ensure they become part of the official record.

SUPPLEMENTARY INFORMATION: With the filing of the supplement to the Draft

Supplemental EIS/OEIS, the DoN is initiating a 45-day public comment period. Federal, state, and local agencies and interested parties are encouraged to provide written comments on the supplement to the Draft Supplemental EIS anytime during the public comment period. This notice announces the opportunity to review and comment on the Draft Supplemental EIS, and provides supplementary information about the environmental planning effort.

All comments submitted during the public review period will become part of the public record and will be responded to in the Final Supplemental EIS/OEIS. All public comments received during the Draft Supplemental EIS/OEIS comment period (December 11, 2020, through February 16, 2021) are still valid and will be considered in the Final Supplemental EIS/OEIS for this action. Previously submitted comments need not be resubmitted.

Pursuant to section 102(2)(c) of the NEPA, regulations implemented by the Council on Environmental Quality (40 CFR parts 1500–1508), and Presidential Executive Order 12114, the DoN announced its intent to prepare a supplement to the 2011 GOA Navy Training Activities EIS/OEIS and 2016 GOA Navy Training Activities Supplemental EIS/OEIS in the *Federal Register* (FR) on February 10, 2020 (85 FR 7538), and invited the public to comment on the scope of the Supplemental EIS/OEIS. A Draft Supplemental EIS/OEIS was subsequently released on December 11, 2020 (85 FR 80093), in which the potential environmental effects associated with military readiness training activities conducted within the GOA Study Area were evaluated.

Since the release of the Draft Supplemental EIS/OEIS on December 11, 2020, the DoN recognized that the size and shape of the Temporary Maritime Activities Area (TMAA) in the Gulf of Alaska no longer provides sufficient space for the realistic maneuvering of vessels and aircraft during training exercises. The DoN announced its intent to prepare a supplement to the December 2020 GOA Navy Training Activities Draft Supplemental EIS/OEIS on February 1, 2022 (87 FR 5472). Proposed changes to the Study Area include additional airspace and sea space to the west and south of the TMAA. The area is referred to as the Western Maneuver Area and adds approximately 185,806 square nautical miles to the Study Area. This additional space would enable Navy personnel and units to practice more realistic, complex training scenarios in a safer, more efficient manner that

would better prepare them to respond to real-world incidents. The TMAA (approximately 42,146 square nautical miles) would remain unchanged and any activities involving active sonar or explosives would, as in the past, occur in this area only. The DoN is not proposing new or increased number of training activities in the Western Maneuver Area, only an expansion of the area the Navy may use for vessel and aircraft maneuvering purposes during exercises. The number of vessels, aircraft, underway steaming hours, events, and flight times remains the same. Although the Study Area has expanded, the conclusions regarding potential impacts have not significantly changed from the 2020 Draft Supplemental EIS/OEIS.

In direct response to agency, tribal, and public comments, the DoN also proposes implementing a new mitigation area within the continental shelf and slope area of the TMAA (approximately 14,600 square nautical miles). The DoN would expand its mitigation measures for explosives detonated at or near the surface and prohibit the use of explosives during training (up to 10,000 feet altitude) in areas of less than 4,000 meter depth to protect marine species and biologically important habitat. The DoN anticipates the implementation of the proposed mitigation area would reduce impacts on marine mammals, fish, and marine birds.

Dated: March 14, 2022.

J.M. Pike,
Commander, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2022-SCC-0039]

Agency Information Collection Activities; Comment Request; Public Service Loan Forgiveness Reconsideration Request

AGENCY: Federal Student Aid (FSA),
Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is requesting the Office of Management and Budget (OMB) to conduct an emergency review of a new information collection.

DATES: The Department is requesting emergency processing and OMB approval for this information collection by March 31, 2022; and therefore, the

Department is requesting public comments by March 29, 2022. A regular clearance process is also hereby being initiated to provide the public with the opportunity to comment under the full comment period. Interested persons are invited to submit comments on or before May 17, 2022.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2022-SCC-0039. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208D, Washington, DC 20202-8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Ian Foss, 202-602-9669.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner;
